ADDITIONAL SERVICES / COSTS NOT INCLUDED IN PACKAGE FEES

Genetic Testing (PGT)	If performed: IVF laboratory biopsy fee is \$2,000 for the first 8 embryos biopsied, plus \$250 for each additional embryo over 8. Genetic testing and shipping are billed separately by the testing laboratory (Progenesis/Igenomix), approximately \$200 per embryo plus shipping.
Sperm Source / FDA Services	Sperm-source testing, FDA screening, physical examination, collection/cryopreservation, donor-bank fees, and related source-specific services are not included unless specifically listed on another applicable financial form.
Recipient / Transfer Cycle	Recipient preparation, monitoring, medications, trial transfer, and embryo transfer are not included. A subsequent transfer is billed separately under IVF-03 Frozen Embryo Transfer or the applicable gestational-carrier form.
Psychological / Legal Services	When required for a donor or third-party arrangement, psychological and legal services are obtained and paid separately to the outside provider.
Cryopreservation & Storage	The first year of storage for embryos created in our laboratory is included. Storage is \$800 per year thereafter, payable through Embryo Options.

THIS PACKAGE COVERS THE FROZEN-OOCYTE THAW / FERTILIZATION AND EMBRYO-CREATION PORTION ONLY. Recipient or gestational-carrier preparation, monitoring, medications, trial transfer, and embryo transfer are not included. When embryos are ready for transfer, use IVF-03 Frozen Embryo Transfer or the applicable gestational-carrier financial agreement. Third-party administrative / coordination fees apply only when donor oocytes require third-party coordination; they do not apply when the patient is using her own previously frozen oocytes.
